Neighborhood Walk & Draw

 cascade
BICYCLE CLUB

1. Gather your team of parents, guardians, and other family members who want to participate. Be sure you have permission for the activity.
2. Find an interesting intersection near where you live, near your school, or near another favorite place you like to visit
3. Draw and label the intersection
4. Use the list at the bottom of the worksheet to indicate what your intersection:
 - does have (by using a ✓ check mark)
 - does **not** have (by using a - minus symbol)
5. Bonus: use a second worksheet to draw a 'dream intersection' which includes all the things you think would help make walkers and rollers safer!

NEIGHBORHOOD

WALK

AND

DRAW 

I chose to draw this intersection

because: _____

LET'S GO - CASCADE BICYCLE CLUB

NAME: _____

THINGS MY INTERSECTION → HAS get a (✓) or → DOES NOT have (-)
